Art Intent

Respect – Diversity, inclusion and respect are taught through our whole-school topics. We are all different, this is what makes our work special and unique.

Exceptional – Art has a high profile in our school, displayed prominently. Exceptional work is displayed in school and online. We are recognised by Arts Council England for our high-quality arts provision.

Resilience – Working creatively doesn't always flow naturally. We look at a diverse range of artists who had to deal with being resilient and this helps us with our own work.

High aspirations – Exposing our children to a wide range of artists and their works inspires the children and educates them in what is possible. We learn about how to make money in the arts and career paths for those who want to excel in the creative industries.

Independence – We teach the children the process of building ideas – the sketchbook is central – from here, as artists, we can build and create.

Creativity – We provide our children with a safe, encouraging space where being expressive feels natural and is welcomed. As a school, working artistically and creatively is central to our ethos.
